A healthy discussion of the DNS

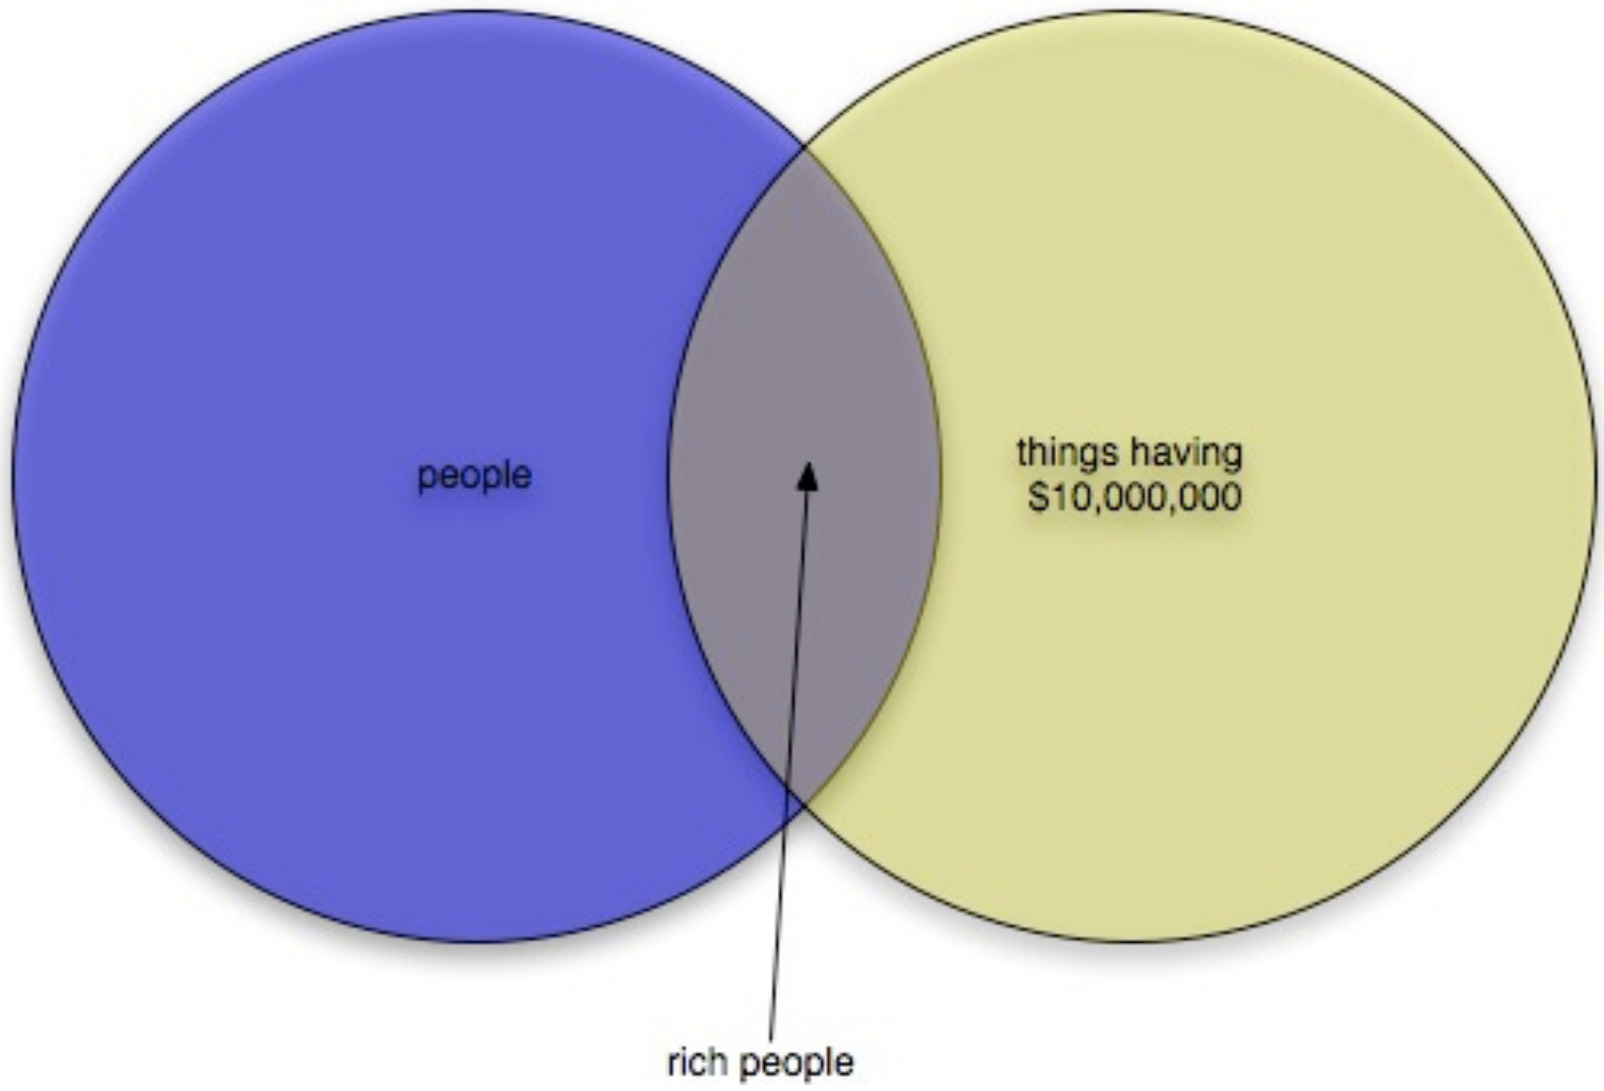
Andrew Sullivan, Shinkuro Inc.
DNS SSR 2, Kyoto, Japan
February 2010

Two things about measurement

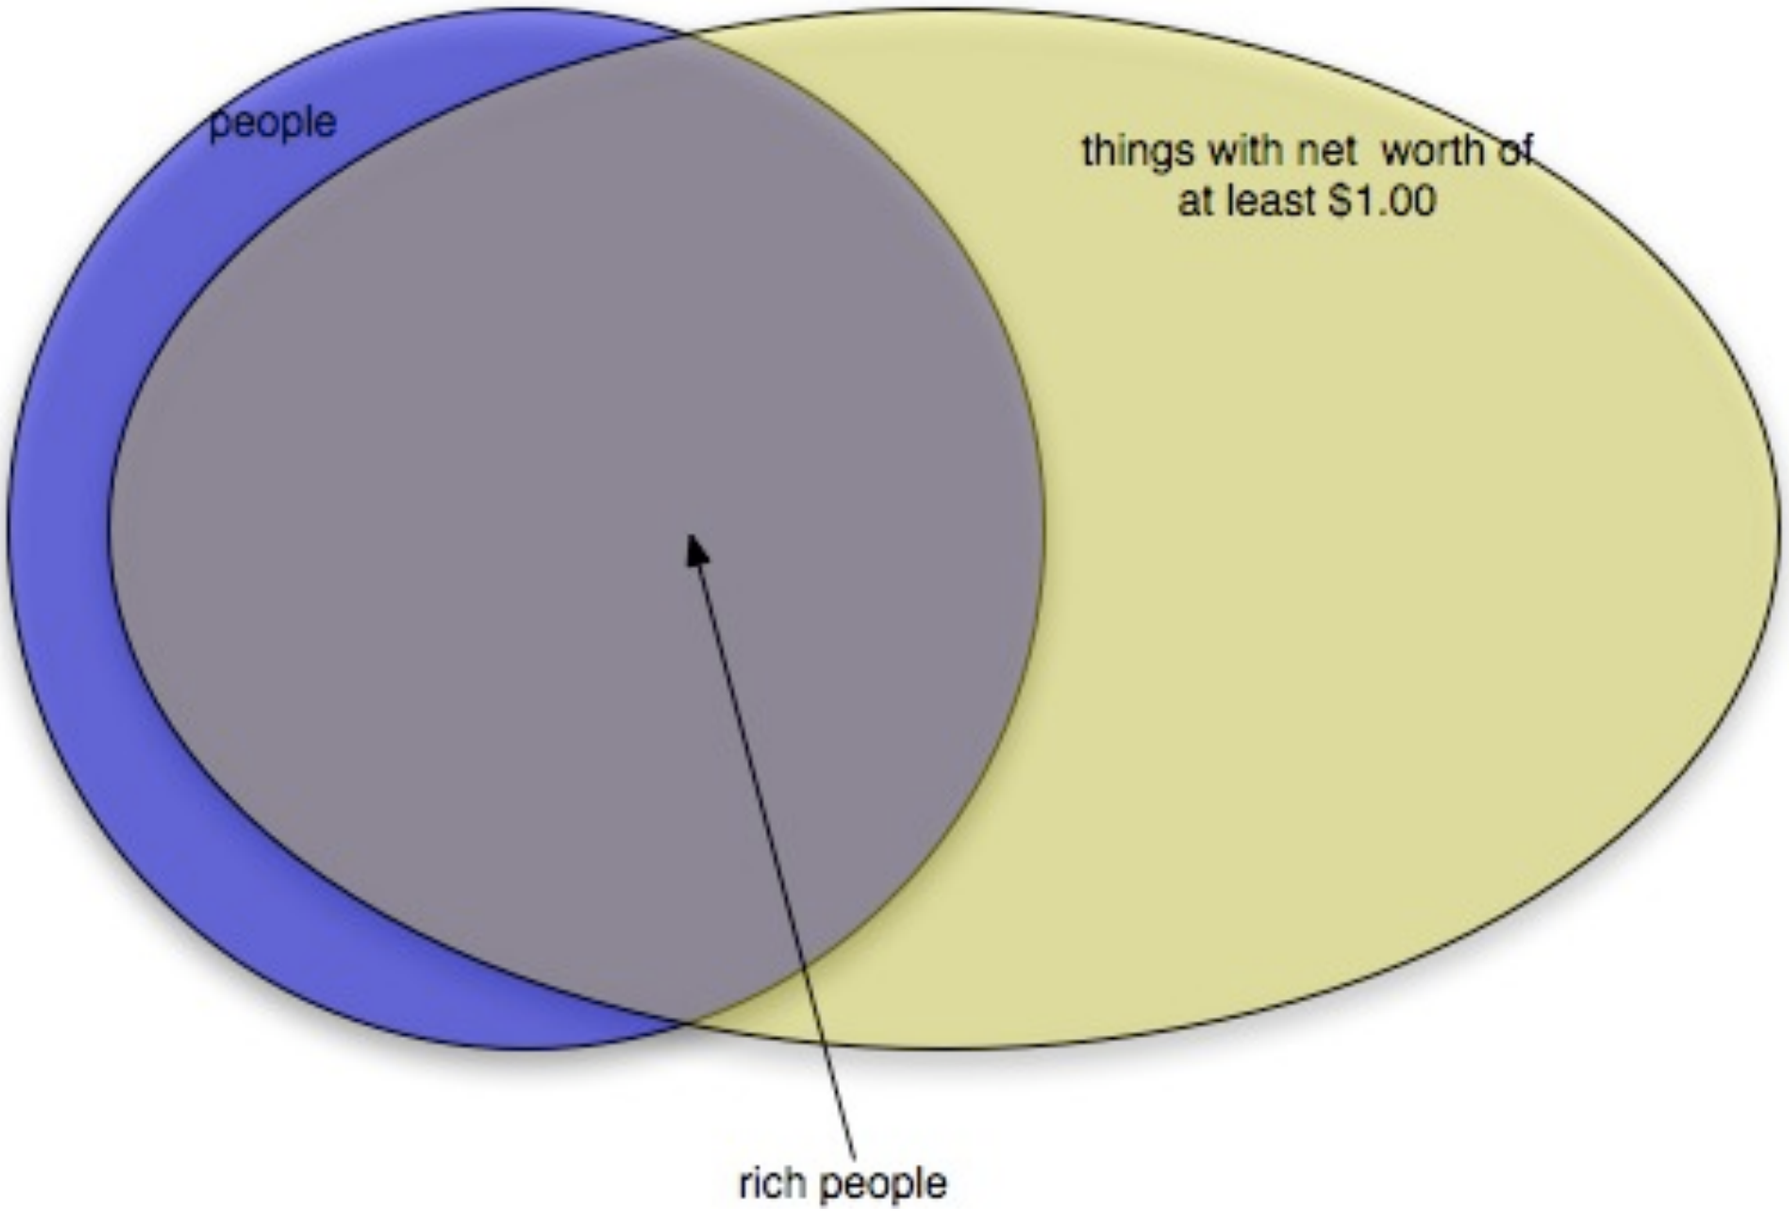
- What did you count?
- How did you count it?

Operationalization

- Necessary & sufficient conditions for the term to apply
- Perform an operation to see whether the term applies



people
things having
$10,000,000
rich people



people
things with net worth of
at least $1.00
rich people

Being healthy

Being healthy: balance
